RE: Our Garage Floor and Front Porch

Jean-Marc:

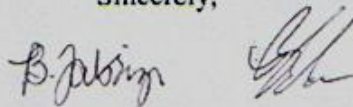

Frank and I are so pleased with the new floors you have created for us. The quality, design and uniqueness of the floors are everything we were hoping for!

We are still shocked that everything was done so quickly, and efficiently and still looks so good. We have never experienced such great customer service with a contractor, and we say this after having just renovated our whole home!

We wanted to write this letter to thank You for the wonderful job you have done, and to let you know that we have received tons of compliments on our new porch and garage floor, and we have, and we will recommend you, without reservation, to anyone who asks.

We wish you even greater success with your business. Thank You again for adding the finishing touch on our "new" home.

Sincerely,

The image shows two handwritten signatures in black ink. The signature on the left is 'B. Tabrizi' and the signature on the right is 'F. Bolduc'. Both are written in a cursive, flowing style.

Bahareh and Frank
